Wanted to pass along this information regarding a December 15th active shooter drill that will take place on the USC campus. See below.

Good Morning:

I would like to make you aware of an active shooter drill coming up that will be taking place on the University Park Campus. **Please pass this information along to staff within your offices.** On Thursday December 15, 2016 the Department of Public Safety along with the Los Angeles City Police and Fire Departments will be conducting an active shooter drill. The goal of the annual exercise is to practice and test tactical coordination and communications between the various agencies. The expected time frame for the drill will be between 9:00am-1:00pm with set-up and pre-drill activities beginning as early as 6:00am. The primary location where the shooting scenario will take place will be inside Taper Hall. The command post and emergency responder staging areas will be in McCarthy Quad and along 34th St. DPS will be setting up caution tape and signage throughout the area. Given the proximity that your building is to Taper Hall, I want to make sure that everyone

within your offices are aware of the drill activity. If you have any questions please feel free to call or email me.

Thank you!

Steve Goldfarb, CEM
